

# FREE Computer Programming Class

**Piedmont Adult School  
Spring 2022**

*Through our Career Technical Education (CTE) program, Piedmont Adult School offers courses that integrate core academic knowledge with technical and occupational knowledge to create pathways to postsecondary education and careers. These courses are state-funded and offered free of charge.*

---

## Introduction to Programming in Python

---

This course is designed for complete beginners with no previous background in computer science. The course is highly visual, dynamic, and interactive, making it engaging for new coders. Students will learn the foundations of computer science and basic programming, with an emphasis on developing logical thinking and problem solving skills. In this course students will learn to program in Python. Conditionals, looping, functions and data structures are all covered extensively. The content is fully web-based, with students writing and running code in the browser, allowing students to also work outside of lab hours should they choose.

**When:** Tuesdays and Thursdays, 6:00 - 7:30pm, 1/11/22 - 5/26/22 (36 meetings)  
**Where:** Piedmont High School, 760 Magnolia Ave., Piedmont CA  
**Who:** Adults age 18+  
**Instructor:** Flint Christensen, certified CTE Instructor  
**Class Size Limit:** 24
